Steve Kosch

Meet the Faces of Safety at 3M: Steve Kosch

Steve Kosch has been working for 3M for 24 years and is currently the Global Confined Space & Rescue Specialist. In this role he has the responsibility for supporting customers and sales teams evaluate confined spaces and providing solutions for protecting and rescuing workers in confined spaces and at heights.

Steve has a Master's degree in Risk Control/Safety from the University of Wisconsin-Stout. For his first 18 years with 3M, he worked as a Production Supervisor and HSE Specialist and has managed safety and health at one of 3M's manufacturing locations.

Steve has over 25 years of firefighting and emergency medical experience and has led both industrial and municipal fire, confined space and rescue teams. He currently supports his local community as an EMT on the area's ambulance service. He represents 3M as member of NFPA 350 – Guide for Safe Confined Space Entry and Work.
